HYBRID

HYBRID BY JEEP®

The Jeep® e-Hybrid technology is based on the new petrol 1,5L Turbo engine, delivering 130 HP through the front-wheel drive, supported by a second, P2 48V electric motor able to boost performance up to 15 kW (20 HP)* in various phases of the driving experience. Unlike other Mild Hybrid cars, the Jeep® e-Hybrid system is actually able to guarantee a pure electric driving, with the electric engine taking care of the low-speed manoeuvres.

e-Boosting

e-Boosting technology is a distinctive trait of the Jeep® e-Hybrid powertrain. It allows the engine to boost both power and torque by up to 15 kW (20 hp) and 55 Nm (135 Nm at gearbox input level)*. Electric power also optimises the petrol engine's operating point, maximising its efficiency.

*Operational capability is subject to the battery's state of charge and driving condition

JEEP® RENEGADE MY23 PRICE LIST

E-CREEPING

Release the brake pedal, the car starts to move with electric motor only, with the softness of the best automatic gearboxes and in total silence.

E-LAUNCH

Thanks to the advance hybrid technology, the soft starts are silent and in pure electric.

E-QUEUING

Thanks to pure electric driving at low speed, the e-Hybrid technology allows you to move smoothly and quietly even when you are in the queue, between stops and restarts in the traffic jam.

E-PARKING

This technology allows for purely electric, emissions-free parking manoeuvres.

HYBRID

Fuel consumption and CO₂ figures determined on the basis of the new WLTP test procedure as per Regulation (Regulation (EU) 2018/1832). Only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Additional equipment and/or options may also affect fuel consumption and the CO₂ emissions produced. For further information, please visit Jeep.ie or contact your preferred authorised Jeep® dealer.

**RRSP excludes dealer delivery and related charges. Pricing relates to current stock only. New / Bespoke orders may be subject to a price increase.

The colours and photographs illustrated can be affected by many factors including technical settings and the printing process are therefore for guidance only and may differ from a real life environment.

The contents and descriptions are therefore to be treated as representations as to the current availability of products as described, or as to products actually offered for sale. Jeep® Ireland, a trading name of Cowan Motor Distribution Ltd, reserve the right to make changes at any time, without notice, to prices, colours, materials, equipment, specification and versions and also to discontinue models. All details correct at time of going to print.

This price/specification list is not a contractual document or offer of sale. Please contact your preferred authorised Jeep® Dealer for the most up to date information.
